

JEWELLERY WORKSHOPS

Each 2 hour session costs £25.00. The price includes the use of all tools and findings. All remaining materials can be purchased from the selection at Caroline's Beads.

The workshops are very friendly and informal, and teach a wide range of different techniques, providing you the ability to apply to whole new range of styles and designs. At the end of each workshop you will be able to make a piece of jewellery of your choice.
